

## Education & the Creative Economy Luncheon Public Education Foundation of Charlottesville-Albemarle

Boar's Head Pavilion  
February 9, 2017  
11:30 AM – 1:00 PM

Join PEF as it brings together local public school students & teachers, businesses, government, higher education and local philanthropists to respond to the following community challenges:

- 1. How can we erase the digital divide (lack/limited internet access) in Charlottesville-Albemarle?*
- 2. How can City and County schools partner with local businesses to create a high quality applicant pool for all level of positions (finance, construction, biotech, communications, IT networking, educational travel, wine & beer industry)?*
- 3. How can our schools and community leaders create a quality of life (diverse cultural, community, and learning opportunities and engagement) that makes Charlottesville an attractive place to live and work?*

Partner with PEF to support our local economy through innovation in our public schools

Contact Sharon Deal for sponsorships (\$2,000) & Individual tickets (\$100)
